

Title:

Customer information regarding COVID-19

---

Dear Customers,

First and foremost, STORK DRIVES would like to thank you for your patience during the current situation with the corona virus (COVID-19) and provide information about our response measures.

STORK DRIVES' team is closely monitoring the status of COVID-19, which is now classified as a pandemic virus by the WHO, and the impact it has on the supply of our products. The safety and health of our employees, customers and suppliers is our top priority and STORK DRIVES is continuing to comply with all government requirements and recommendations. The situation, however, is fluid and could change on short notice beyond our control. We are continually evaluating impacts on sourcing materials/products to minimize any effects on our delivery situation.

We are not able to fill out any corona (COVID-19) specific forms, but we assure you that if/when we get information that will have an impact on our ability to deliver products to you, we will send information about this through our normal order process.

Keep safe!

With Best Regards,

Patrik Spong

Managing Director
